

**Aurora<sup>★</sup>**

**The Aurora Pledge:  
How do we work?**

# Who are we?

Aurora is one of the fastest-growing print management & telecoms providers in the UK. Our values are the forefront of what we do, and our customers are the most important thing to us. We strive to fully understand the needs of our customers to ensure we help them in the most efficient way.

# What IT Services Do We Offer?

We want to give you the best support that we can. We offer a range of solutions for your business, including cloud computing, server support, security services and more! We strive to meet your business plans - working with you to find the best help for your needs within your budget.

## IT Support

It is important to get the help you need, when you need it. Our team of professionals are trained in all aspects of tech, giving you the best service that they possibly can. Aurora provides 24/7 IT support for your business. No query is too big or too small.

## Hosted & Cloud Solutions

We know better than anybody how key it is to keep your documents safe and secure. Hosting isn't just about the storage of your files, but also about providing functionality for your website or application - crucial in the digital age.

## Server Solutions

We can tailor a plan to suit you! Whether you're a small team or a large corporation, we can find the perfect solution for your server needs. simply let us know how many computers and internet users you have at any given time, and we will accommodate your budget to ensure a suitable server.

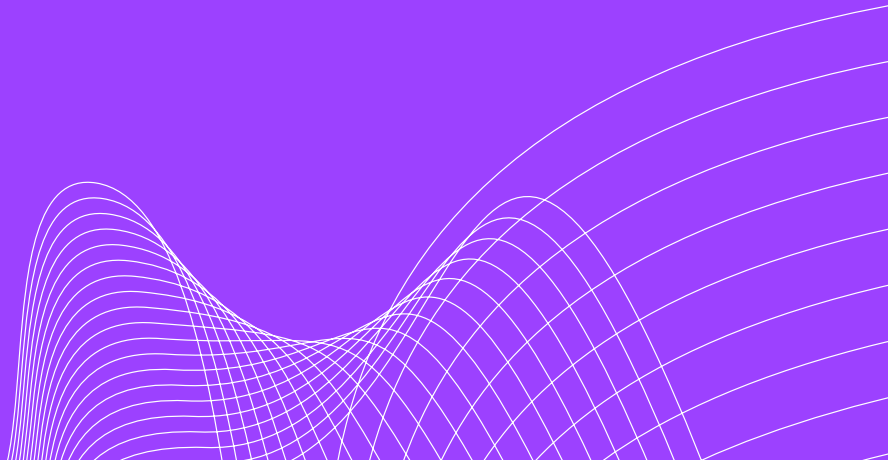

## Disaster Recovery & Backup

An essential to any business, disaster recovery and backup ensures that your business runs smoothly, even during an IT related issue. We want to create an ideal plan for you, so you can thrive in your peak business time.

## Office 365 & Security

The opportunity of Office 365 has soared during the digital age. We can help you get the tools to increase your productivity, whilst also ensuring that the security features of the software advantage your business.

# How Can We Help?

## Trained Professionals

Your business needs the right support. Our expert engineers will ensure your systems are running efficiently at all times.

## Understanding Business Needs

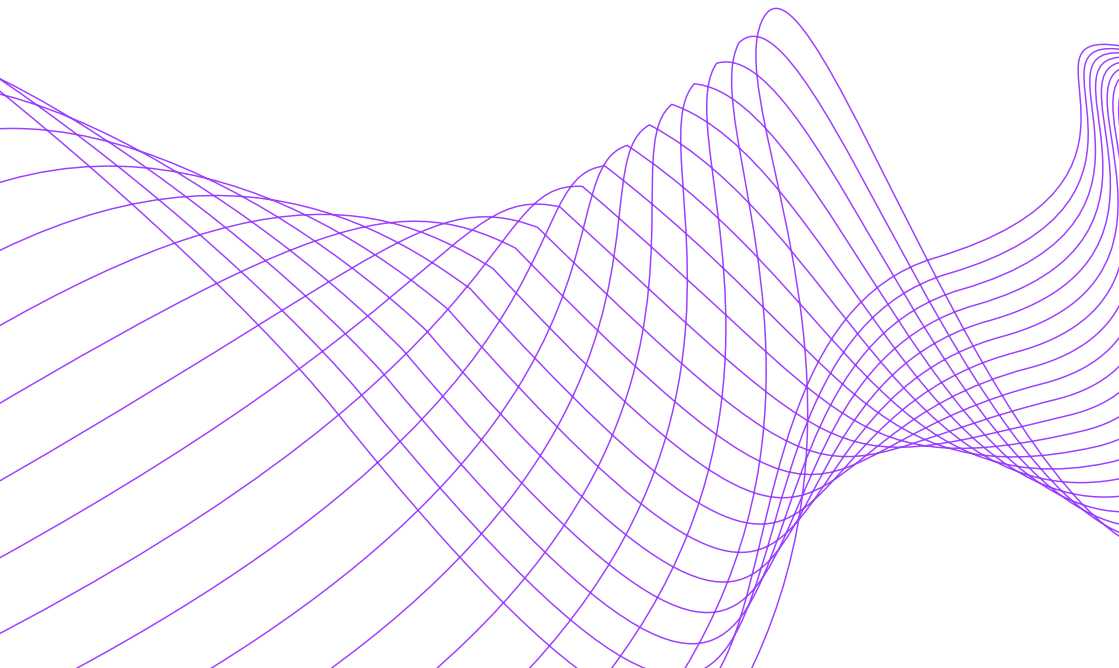

A team that understands your needs is key. Aurora will make sure that your business requirements are met efficiently.

## Saving Time

Outsourcing your IT support means you get our expertise, giving you more time to focus on what is important - your business goals.

## Reducing Costs

Our expertise can cut the costs of IT in your business. Let us know your budget, and we'll accommodate.
